**Operation:** HOPE delivers a one-time, supply of food to the doors of Long Island veterans and their families. Manned mainly by volunteers who themselves are veterans, this program provides access to vital information and referrals that link veterans and military families with veteran benefits and other services to help these servicemen and women and their families. Come and learn how you can help! Please, come prepared with the required documentation to begin volunteering as soon as possible (driver's license, proof of personal car insurance, DMV driver's Abstract [MV-15]). A background check will be conducted.
